Summer Reading Challenge

The Summer Reading Challenge (SRC) 2026 launches on Saturday July 4th, with many free events planned across all Walsall and Wolverhampton Libraries during the summer holidays. The theme this year is Read to the Beat, and further resources and assembly presentations are available from the following weblink [School-zone-src | Summer Reading Challenge](#)

In this National year of Reading, we are encouraging children to take part in the challenge and to visit their local library regularly. Further details about the free events taking place in libraries will be advertised on social media or ask library staff at your nearest branch.

- The Challenge significantly **improves** children's reading **skills and confidence**
- Taking part can prevent the summer 'dip' in reading and aid the **successful transition** to new year groups and key stages
- During last year's Challenge, children read **over 14 million books**
- It's simple and **free for every child** to take part, and libraries run free activities for families throughout the holidays

Social media to be banned for under-16s

The government has announced that social media platforms will be blocked from offering services to under-16s from next Spring. The ban will include platforms like Snapchat, TikTok, YouTube, Instagram, Facebook and X.

Furthermore, there will also be blocks on live streaming and communication with strangers (these restrictions will also apply to 16 and 17-year-olds) and the government will also be looking at overnight curfews and breaks in infinite scrolling.

You can read the Government's press release here:

WhatsApp

We frequently receive reports of children using WhatsApp inappropriately, such as sharing images to embarrass others, sending hurtful messages, spreading rumours, or excluding people from group chats to make them feel left out. It is important to think about whether WhatsApp is the right platform for your child. For example, you should consider if your child has the critical thinking skills to recognise bullying and can they manage peer pressure and refrain from joining in on hurtful behaviour?

Users should be at least 13 years old to use WhatsApp. WhatsApp have announced that they are rolling out the option of Parent-Managed accounts for those under the age of 13. The settings will include allowing you to choose who can contact your child and ensuring only you can add them to groups. Find out more here: <https://faq.whatsapp.com/894871699629864>

What should I be aware of if my child is using WhatsApp?

- **Group chats:** Everyone within a group, even if they are not one of your child's contacts, can see all messages within that group.
- **Inappropriate content:** users can be exposed to content that is not suitable for their age.
- **Location sharing:** talk to your child about the potential danger of sharing their location.
- **Chat lock/secret code:** users can lock chats as well as apply a secret code setting, so a chat does not appear in the main chat.
- **Screen time due to addictive nature**
- **AI:** WhatsApp includes Meta AI including Incognito Chat with Meta AI so nobody (including Meta) can read your conversations.

What can I do?

- Check privacy settings e.g. who can add them to groups.
- Ensure your child understands that they can leave a chat at any time. Find out more here: <https://faq.whatsapp.com/424124173736394>
- Show your child how to block and report other users. Find out how here: <https://faq.whatsapp.com/1142481766359885/>
- Set up appropriate parental controls.
- Talk about who they are chatting with, encourage them to think carefully about the messages they send and how they might be received.
- Chat to your child about the groups that they belong to.

Livestreaming

What is livestreaming?

Livestreaming is when an individual broadcasts video live over the internet. People can watch livestreams from any device that is connected to the internet.

What are the risks?

There are risks associated with watching livestreams that you should be aware of. The main risk being that your child may see or hear something inappropriate as your child may come across themes or content that is not suitable for them. It is difficult to moderate live content as it is happening in real time.

How can I help my child?

- All online platforms have an age rating, ensure your child only accesses platforms that are appropriate to their age. For example, TikTok has an age rating of 13.
- For any platforms that your child uses, ensure appropriate parental controls and privacy settings are applied.
- Take an interest in what your child is doing online and on a regular basis, ask your child to show you what they are accessing.
- Ensure your child knows how to use any reporting/blocking tools on the app that they are using and as always please ensure that your child knows to talk to a trusted adult if they see anything that concerns them online.

IMPORTANT REMINDER: BRING YOUR BOOK BAG!

Our school has invested thousands of pounds into providing quality reading books for the children.

To help us keep these books in great condition:

Please ensure your child attends school with a book bag.

Please do NOT place water bottles inside book bags.

Water bottles are causing books to become water damaged beyond repair, and we want every child to enjoy these wonderful reading resources.

Thank you, as always, for your continued support.

Together we can protect our books and foster a love of reading!

If you have any concerns about a child, trust your instincts and contact the NSPCC Helpline. Our specialist team will listen, advise and take any action needed.

An estimated 1 in 20 children have experienced sexual abuse. And child sexual abuse is under-reported by adults. It's time for that to change.

It's never too soon to talk to us. And what you share could make a life-changing difference to a child.

You can contact the NSPCC Helpline by calling 0808 800 5000, emailing help@NSPCC.org.uk or completing our report abuse online form.

Due to an increase in demand across our service, our voice Helpline is currently available 11am–5pm Monday to Friday. You can still email help@NSPCC.org.uk or complete our report abuse online form at any time for free. You don't have to say who you are.

If you think a child is in immediate danger, please call the police on 999 straight away.
