Dear Parent/Carer

Thank you to those who made donations today in aid of Black Country Food Bank. The Black Country Foodbank helps families facing financial hardship by providing emergency food parcels containing up to three days' worth of food and essential household items while longer-term support is arranged. This gives families immediate help when they are struggling to afford food due to issues such as low income, benefit delays, debt, illness, family breakdown, or other crises.

The food bank based at Bridging the Gap Willenhall supports families by:

- Providing emergency food supplies to individuals and families in crisis.
- Working with referral agencies such as schools, health professionals, social workers, and support services to identify families who need help and arrange food vouchers.
- Offering a network of distribution centres across Dudley, Sandwell and Walsall where families can collect food parcels.
- Connecting families with wider support services so that underlying problems can be addressed and longer-term solutions found.
- Providing additional community projects and partnerships, including initiatives linked to health, wellbeing, fresh food, and family support.

New guidance issued due to concern of AI-manipulated images

Photos of children that seem completely innocent can be manipulated using artificial intelligence (AI) to create sexualised or abusive images. There is a growing threat that children's images shared online are being manipulated by criminals into AI generated sexual abuse material. As concerns grow, the Internet Watch Foundation (IWF) and the National Crime Agency (NCA) have issued new guidance to help you understand the risks around AI image manipulation and advice on how to speak to your child about AI and image consent.

The IWF states that child sexual abuse images or videos created or altered using AI may include:

- Everyday images of a child or young person that are manipulated into child sexual abuse imagery, including images taken from social media, websites or messaging apps, that are manipulated into sexualised or abusive imagery. These are sometimes known as 'deepfakes'.
- Images or videos that look like a real child but are completely artificial.
- AI technology that digitally removes clothing from existing images to create nude or semi-nude images, sometimes known as 'nudifying'.

[source: IWF <https://www.iwf.org.uk/resources/ai-child-abuse-imagery-parent-guide/> accessed 25.08.26]

What can I do?

The guidance provides practical advice about sharing photographs of your child online. Some useful things to consider are:

- Think before you share photographs online. The IWF suggest creating a 'close friends' group to share images.
- Check and adjust your privacy settings on all social media accounts.
- Understand the steps to take if you or your child has any concerns and the organisations you can contact.

Where can I find the new guidance?

The full guidance can be accessed at the link below. It also includes a video highlighting how everyday photos can be misused using AI tools.

YouTube

YouTube is one of the most popular platforms, available across many different devices - phones, tablets and Smart TVs etc. **YouTube is intended for users over the age of 13**, however, younger children can still access YouTube with consent from a parent/guardian. There are different options available to access YouTube, depending on your child's age:

1. YouTube Kids – a separate app that includes a smaller selection of videos based on the age category you select: Preschool (ages 4 and under), Younger (ages 5–8) or Older (ages 9–12).

2. Supervised accounts – a parent-managed version of YouTube that allows you to control the content your child can access. You can select one of the following options:

- **Explore** - Generally for viewers aged 9+.
- **Explore more** - Generally for viewers aged 13+
- **Most of YouTube** - This setting includes almost everything except for videos marked as 18+.

Find out more: <https://support.google.com/youtube/answer/10315420>

What do I need to be aware of?

Whilst YouTube can be educational and fun, it is important to be aware of the potential risks, such as:

- **Inappropriate content**
- **Excessive Screen time** – particularly due to the autoplay feature.
- **Unwanted contact / cyberbullying** – particularly via comments if your child is sharing videos.
- **Algorithms** – algorithms influence what we see to keep us engaged. This can lead to a user being exposed to large amounts of content about one topic/theme, which may not be helpful if it is negative.
- **Adverts** that may not be aimed at or suitable for your child's age.

What can I do?

- Set up appropriate parental controls.
- Show your child the reporting and blocking tools available.
- Watch YouTube together or supervise use.

IMPORTANT REMINDER: BRING YOUR BOOK BAG!

Our school has invested thousands of pounds into providing quality reading books for the children.

To help us keep these books in great condition:

Please ensure your child attends school with a book bag.

Please do NOT place water bottles inside book bags.

Water bottles are causing books to become water damaged beyond repair, and we want every child to enjoy these wonderful reading resources.

Thank you, as always, for your continued support. Together we can protect our books and foster a love of reading!

If you have any concerns about a child, trust your instincts and contact the NSPCC Helpline. Our specialist team will listen, advise and take any action needed.

An estimated 1 in 20 children have experienced sexual abuse. And child sexual abuse is under-reported by adults. It's time for that to change.

It's never too soon to talk to us. And what you share could make a life-changing difference to a child.

You can contact the NSPCC Helpline by calling 0808 800 5000, emailing help@NSPCC.org.uk or completing our report abuse online form.

Due to an increase in demand across our service, our voice Helpline is currently available 11am–5pm Monday to Friday. You can still email help@NSPCC.org.uk or complete our report abuse online form at any time for free. You don't have to say who you are.

If you think a child is in immediate danger, please call the police on 999 straight away.
