## National Year of Reading 2026

### New School Library– Opening Soon

The **National Year of Reading 2026** is a UK government initiative led with the National Literacy Trust, aiming to boost reading enjoyment and tackle declining literacy by engaging all ages through passions, with a major focus on school libraries to transform reading in education, support teachers, and build confident readers by making libraries central to the campaign's resources and activities. It emphasizes using schools as hubs for creative reading, providing teachers with tools, and ensuring school libraries are vital for fostering a love of reading for pleasure across the country.

**Work to create our new library begins shortly and is due to be completed by the end of February 2026.**

If you would like to make a donation towards new books for the library you can do this via the School Gateway App.

Books cost anywhere between £7.00 and £12.00 but any donation would be gratefully received. In return, the school will include a special insert inside each book for each donation made. Please amend the donation amount you wish to donate on the App.

**Article 31 (leisure, play and culture)** Every child has the right to relax, play and take part in a wide range of cultural and artistic activities.

**Article 29 (goals of education)** Education must develop every child's personality, talents and abilities to the full. It must encourage the child's respect for human rights, as well as respect for their parents, their own and other cultures, and the environment.
